

Regional School Health Coordinators Contact Information 2020

Every Michigan School District is served by a regional school health coordinator (RSHC). Coordinators are usually housed at an Intermediate School District or Educational Service Agency within their region. Most of the coordinators serve several counties, and several coordinators serve large, urban school districts. Coordinators are funded to provide materials, staff development, and technical assistance to local school districts in health education, including HIV/STD prevention. For more details on the role of the coordinator, see the Michigan School Health Coordinator's Association webpage at www.mishca.org.

WHO IS MY SCHOOL HEALTH COORDINATOR? WHY SHOULD I ORDER CURRICULUM MATERIALS THROUGH THEM?

A network of School Health Coordinators (SHC) working in ISD/ESA or large district settings serve as the point persons for training, implementation, and support of the Michigan Model for Health™ curriculum. Every public, charter and non-public school in the State of Michigan has a School Health Coordinator assigned to them.

By working with your School Health Coordinator, your school can receive a discount on the purchase of Michigan Model for Health curricula (print and web-based) that you are ordering. In addition, your SHC can provide professional development training for your teaching staff at low or no cost.

Bay Arenac I.S.D.*
